Protein Production Platform P-CUBE

2nd P-CUBE User Meeting & Workshop on Advances in Protein Crystallization 5 - 9 September 2011

Registration deadline: 30 June 2011

2nd P-CUBE User Meeting (5 Sept 2011)

Get to know everything about the numerous platforms of P-CUBE and listen to the platform leaders presenting their infrastructure (Protein Expression in Bacterial & Eukaryotic Cells, MultiBac, ESPRIT, DARPins, High-throughput Crystallization, Advanced Microscopy). If you are a former user of one of the platforms, you might even get selected to speak about your data. All the others will have the opportunity to present posters. Please register online for the P-CUBE User Meeting at www.p-cube.eu.

Workshop on Advances in Protein Crystallization (6-9 Sept 2011)

The Workshop on Advances in Protein Crystallization allows you to bring your own protein sample and will cover the following topics:

- Properties of macromolecular solutions for structural studies - Polishing methods
- Biophysical/biochemical characterization of macromolecular solutions for structural studies
- Crystallization of biological macromolecules (Effects of macromolecular solution properties, nucleation and growth, screening strategies, crystallization methods)
- Strategies and special approaches to grow crystals (Counter diffusion, seeding, crystal evaluation)

Speakers include:

Markus Grütter, University of Zurich, CH
Andreas Plückthun, University of Zurich, CH
Serge Chesnov, UZH/ETH Zurich, CH
José Marquez, EMBL Grenoble, FR
Patrick Shaw Stewart, Douglas Instruments Ltd, UK
Mareike Kurz, University of Zurich, CH
Paul Thaw, Molecular Dimensions Ltd, UK

To apply for the P-CUBE User Meeting and the workshop please visit our web page at www.p-cube.eu. Scientists applying for the workshop will be asked to submit their CV as well as a letter of motivation. A maximum of 16 participants will be selected for the workshop.The meeting & workshop will be open to scientists from EU Member and/or Associated States.

Protein Production Platform P-CUBE

General Information

- There is no registration fee.
- Lunch will be paid by P-CUBE.
- Accommodation will be covered for workshop participants as well as selected speakers at the user meeting in the Hotel St Josef or Haus Justinus (shared rooms, 5 nights max. workshop, 2 nights max. user meeting).
- Participants are responsible for their own travel costs. However, travel costs of speakers at the user meeting will be partially reimbursed (300 € max.).

Venue

The 2nd P-CUBE User Meeting and the workshop will take place at University of Zurich, Institute of Biochemistry Y44 H05. Please visit this webpage: http://www.bioc.uzh.ch/index.php?id=21&L=1

Accommodation

Double rooms for participants of the workshop and the selected speakers at the 2nd P-CUBE User Meeting will be booked and paid by P-CUBE at:

Hotel St. Josef***
Hirschengraben 64
CH-8001 Zürich
Tel. +41 44 250 57 57
Fax. +41 44 251 28 08
info@st-josef.ch
www.st-josef.ch

Haus Justinus
Freudenbergstrasse 146
CH-8044 Zürich
Tel: 0041-44-362 29 80
Fax: 0041-44-362-29-82
justinuszh@bluewin.ch

Protein Production Platform P-CUBE

A few rooms have been reserved at the following hotels:

Hotel Atlantis Guesthouse
Döltschihalde 49
CH 8055 Zürich
Tel. +41 (44) 454 54 54
Fax. +41 (44) 454 54 00
info@atlantishotel.ch
www.atlantishotel.ch
Booking code: G_UNI09.04

To be booked by: 29 July 2011

Leoneck Hotel
Leonhardstrasse 1
CH-8001 Zürich
Tel 0041 (0) 44 254 22 22
Fax 0041 (0) 44 254 22 00
info@leoneck.ch
www.leoneck.ch

To be booked by: 15 July 2011

When booking at one of these hotels (except Atlantis Guesthouse), please use the booking code “P-CUBE”!

For more information, please contact Petra Lindemann (petra.lindemann@embl.de) or Jutta Tatzel (j.tatzel@bioc.uzh.ch)
